The proposed NGG meeting date of 16-JULY-73 has been confirmed. The meeting will be held at the University of Illinois on July 16 and 17. An informal meeting will be held Sunday evening, July 15, to arrange the agenda.

The initial meeting place will be:

Room 201, Advanced Computation Building

1101 W. Springfield

Urbana, Ill.

In the event that more space is needed, subsequent meetings may take place elsewhere.

James Michener suggests that those attending be sure to have read his RFC 493 on graphics protocols.

Local accomodations at Ramada Inn can be reserved by calling (800)648-5970(their toll-free number) or the local Inn, (217)352-7891. If you wish to make other arrangements, contact me and I will try to help.

Airline reservations can best be handled by your local airline office. Jim suggested that I warn Ozark (the local service) of the upcoming surge of non-student, non-standby passengers in the hopes of getting better service. As Ozark is currently enjoying a pilot strike, I have been unable to do this. Hopefully, it will be over in a few days, but if it isn't, I recommend that you get the closest flight you can and reserve a car for the rest of the way. This probably will be resolved in time to avoid any hassle, but I thought you would like to know about it just in case.

So that I will have a rough idea how much space we will need, let me know, if possible, if you plan to attend.
